

Application Solutions

Buy vs Make

DO YOU NEED the latest cellular IoT connectivity for your project?

DO YOU NEED the **FASTEST** time to market?

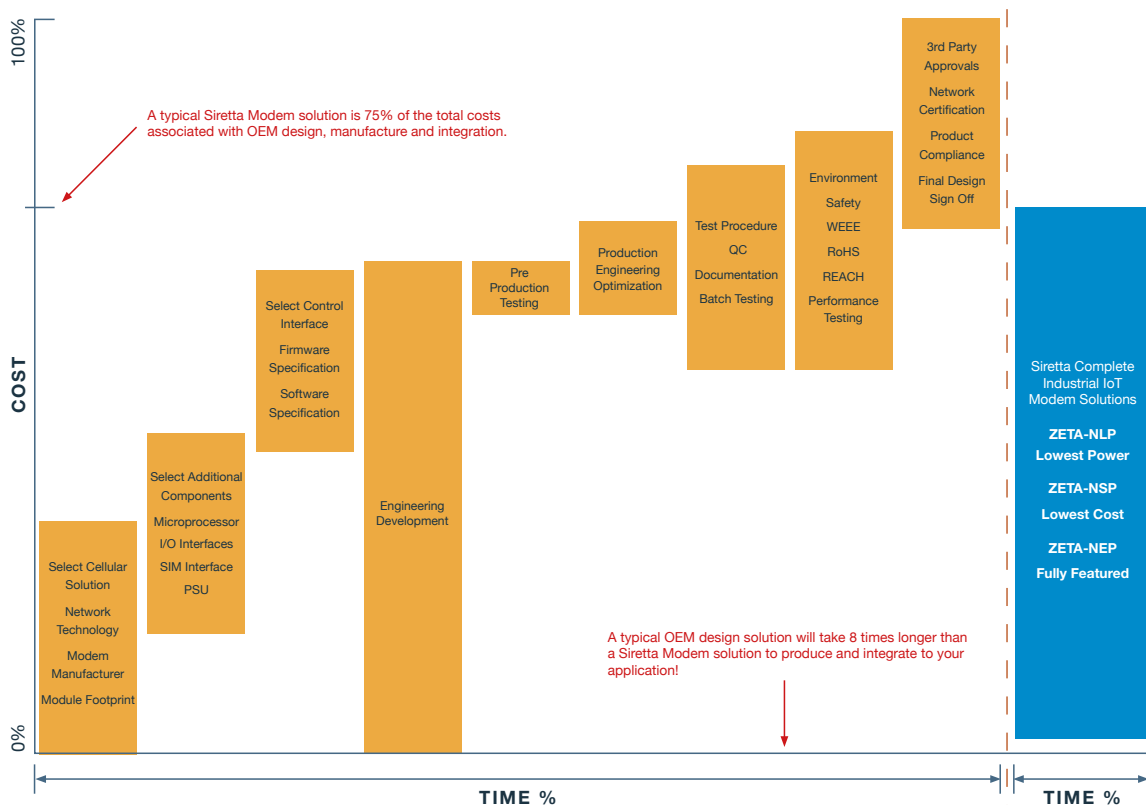

DO YOU NEED to keep your project on **TRACK** with no unexpected **SURPRISES**?

DO YOU NEED to **AVOID** bottlenecks caused by too many variables in your kit of parts?

DO YOU NEED a **PROVEN** and **RELIABLE** solution?

DO YOU NEED to reduce **RISK** and reduce engineering **COST**?

Siretta Solution - Why you should choose a Siretta Modem?

Evaluating your way forward

Would you prefer this stress?

Or a reliable Siretta Solution?

The Siretta Advantage

Siretta is a leading original equipment manufacturer established to focus on supporting customers requirements for the Industrial Internet of Things (IIoT). We design, manufacture, market, sell and supply industrial IoT equipment delivering services over 2G, 3G, 4G and 5G networks. Siretta is the manufacturer of choice for many customers due to the following key factors:

Product Reliability - We have stress tested our products with many tier 1 industrial customers

Future Proof Design - We offer maximum life in the field as standard

Extensive Range - We cover all option combinations

Competitive Solution - We offer enhanced performance versus cost with a fast time to market

Plug and Play Solution - Standard interface and operating parameters across the range

Technical Support - We offer exceptional support to provide the right solution

	Software		Interfaces								Environment		Cellular Technology				
	IP Stack	AT Interface	RS232	Debug RS232	USB	Cellular	GNSS	GP Inputs	GP Outputs	Analogue Inputs	Extreme Low Power	Region	2G fallback	3G fallback	LTE Cat M/NB-IoT	LTE Cat 1	LTE Cat 4
