

**DO YOU NEED** the latest cellular IoT connectivity for your project?

**DO YOU NEED** the **FASTEST** time to market?

**DO YOU NEED** to keep your project on **TRACK** with no unexpected **SURPRISES**?

**DO YOU NEED** to **AVOID** bottlenecks caused by too many variables in your kit of parts?

**DO YOU NEED** a **PROVEN** and **RELIABLE** solution?

**DO YOU NEED** to reduce **RISK** and reduce engineering **COST**?

### Siretta Solution - Why you should choose a Siretta Modem?

## Application Solutions

Buy vs Make

Would you prefer this stress?

Or a reliable Siretta Solution?

### The Siretta Advantage

Siretta is a leading original equipment manufacturer established to focus on supporting customers requirements for the Industrial Internet of Things (IIoT). We design, manufacture, market, sell and supply industrial IoT equipment delivering services over 2G, 3G, 4G and 5G networks. Siretta is the manufacturer of choice for many customers due to the following key factors:

**Product Reliability** - We have stress tested our products with many tier 1 industrial customers

**Future Proof Design** - We offer maximum life in the field as standard

**Extensive Range** - We cover all option combinations

**Competitive Solution** - We offer enhanced performance versus cost with a fast time to market

**Plug and Play Solution** - Standard interface and operating parameters across the range

**Technical Support** - We offer exceptional support to provide the right solution
